Subject: Quick school Parent App

GDSPS/ F-3, 757 /2019

08/May2019

Dear Parent,

Technology has changed the way schools communicate with parents. While a few years ago – the school diary was the only way for teachers to update parents about school activities, however, today, the web-based school management software has created an array of tools to enable teachers to interact with parents. We are happy to inform you that the school is spreading its reach to parents by launching the QS-net cloud version of school management software and its mobile application named QUICK SCHOOL PARENT. The app will allow parents to connect to school and bridge the gap in communication. On this new app, parent will be able to view the child's Attendance Records, Circulars, infirmary record, etc.

Parents have to download the application from GOOGLE PLAYSTORE/APPLE STORE and login using following details.

*SCHOOL URL : <https://quickschool.niitnguru.com/GDSPS>

(The above URL can also be used to access cloud version through Mozilla Firefox browser on any system and laptop.)

NICKNAME : Enter your child's first name

USERNAME : PAdmission number of the child (E.g P1234)

PASSWORD :welcome1

(The password can be changed only through the *SCHOOL URL given on Mozilla Firefox browser.)

We look forward to your support. We shall be happy to help in case there is a problem. Kindly let us know through a diary note regarding the same. A help desk will also be available at the school reception for further assistance between 7:30 am to 8:30 am for a week i.e 13th to 17th May 2019.

Regards,

Principal

Mrs. Mukul Jha

HOD, Computer Dept
Ms. Yoins Bablani
