

*In our head, we hear a humming,
Summer, summer, summer's are coming
Soon we're all going on a vacation
Gearing up with wonderful sensations.*

Dear Students,

Holidays are always a welcome break from the normal routine and we all look forward to them. It gives us the opportunity to pursue all those activities that we enjoy but never find enough time to indulge in. Here are the ways by which you can make your holidays fun and learning at the same time:

- Go for a walk, talk about things you see around.
- Play indoor games like ludo, carom board, scrabble etc.
- Help parents in small household chores like dusting of the house, cleaning wardrobes and watering the plants.
- Read books to enhance your vocabulary.

To make them aware of their surroundings, tell them to watch various informative T.V.

Channels like Discovery, National Geographic, History and Animal Planet.

General instructions to be followed for doing the Holiday Homework: -

- Complete all the activities during the vacation.
- All the work should be handwritten.
- Original drawings / illustrations and creative use of material will be appreciated.
- Parents are requested to just guide the children to complete the task on their own.
- Do all the assignments on A-4 ruled sheets . You can also take the print out of the worksheets and write on it.

Let these assignments / projects be fun filled so that learning is always a pleasurable activity.

HAPPY HOLIDAYS!
